For easy reference, this alphabetized product list contains the following information:

Product Description
   Product Name {Manufacturer}
   Product Size and Packaging

Usage
   Recommended Uses
   WIC Food Packages available for bolded categories

Features
   Special features of formula.
   Caloric Density when prepared as directed. Calories (kcal) per fluid ounce (fl oz) unless specified differently.
   Iron Content per liter when prepared as directed. Milligrams (mg) per liter (L) unless specified differently.
   Yield in fluid ounces of one container of powder, when mixed to standard dilution.

Nutrient Source
   Listed in order by weight
   Protein Source (% kcal from protein)
   Carbohydrate Source (% kcal from carbohydrate)
   Fat Source (% kcal from fat)

WIC Issuance
   Green highlights: Food Packages not set up in KWIC. Contact State WIC Nutrition Consultant if product is needed.
   Yellow highlights: This product is not issued to the client’s account. It is shipped to WIC clinics as needed. Contact State WIC Nutrition Consultant to order this product.
   Red highlights: Not WIC approved. Also includes justification as to why the product is not approved.

This list is not a comprehensive list of all products available. It contains information on commonly requested products.

The Kansas WIC Program will issue formulas for metabolic conditions; however, most are not listed here due to the extensiveness of products available. Check the company websites above and/or contact your State WIC nutritionist for information on additional metabolic formulas or other products not included in this reference.

**Neocate Junior** {Nutricia}  
14.1 oz (400g) containers powder  
4 containers/case  
**Children** over the age of 1 year with gastrointestinal impairment due to malabsorption, cow and soy milk allergy, eosinophilic esophagitis, short bowel syndrome, other medical condition for which an amino acid based diet is required.  
| Available unflavored and in various flavors. 100% free amino acids. Hypoallergenic.  
**Caloric Density:** 30  
**Iron Content:** 15.3  
**Protein** (13%) - L-amino acids  
**Carbohydrate** (42%) - corn syrup solids  
**Fat** (45%) - fractionated coconut oil, canola oil, high oleic safflower oil  
Tropical also contains acesulfame potassium  
Chocolate also contains sucrose and sucralose  
| Approved with prescription  
| Time frame as requested - up to end of certification

When Neocate Jr is issued in KWIC, both Neocate Junior and Neocate Junior with Prebiotics are available to purchase.
### Neocate Junior with Prebiotics

**Product Description**
- Neocate Junior
  - 14.1 oz (400g) containers
  - Powder
  - 4 containers/case

**Usage**
- Children over the age of 1 year with gastrointestinal impairment due to malabsorption, cow and soy milk allergy, eosinophilic esophagitis, short bowel syndrome, or other medical condition for which an amino acid based diet is required.

**Features**
- Available unflavored and in various flavors.
- 100% free amino acids.
- Hypoallergenic.
- **Caloric Density:** 30
- **Iron Content:** 15.3
- **Yield:** One container yields 65 fl oz.

**Nutrient Source**
- **Unflavored**
  - **Protein:** (13%) - L-amino acids
  - **Carbohydrate:** (42%) - corn syrup solids
  - **Fat:** (45%) - fractionated coconut oil, canola oil, high oleic safflower oil
  - **Prebiotics:** Fructooligosaccharide, Inulin
  - **Tropical** also contains acesulfame potassium
  - **Chocolate** also contains sucrose and sucralose

**Kansas WIC Issuance**
- Approved with prescription
- Time frame as requested - up to end of certification
- When Neocate Jr is issued in KWIC, both Neocate Junior and Neocate Junior with Prebiotics are available to purchase.

**For more information:**

### Neocate Splash

**Product Description**
- Neocate Splash
  - 8 oz brik pack RTF
  - 27 brik packs/case

**Usage**
- Children 1 to 10 years old with gastrointestinal tract impairment, cow and soy milk allergy, multiple food protein intolerance, eosinophilic esophagitis, gastroesophageal reflux disease, short bowel syndrome, or other medical conditions for which an amino acid-based diet is required.

**Features**
- 100% free amino acids.
- Gluten free.
- Casein free.
- **Caloric Density:** 30.0 (237 calories per 8 oz. container)
- **Iron Content:** 3.6 mg per container

**Nutrient Source**
- **Protein:** (12%) - L-amino acids
- **Carbohydrate:** (42%) - maltodextrin, sucrose
- **Fat:** (46%) - fractionated coconut oil, canola oil, high oleic sunflower oil

**Kansas WIC Issuance**
- Approved with prescription
- Time frame as requested - up to end of certification
- **This product is not issued to the client’s account. It is shipped to WIC clinics as needed. Contact State WIC Nutrition Consultant to order this product. Available in 3 flavors – Grape, Orange-Pineapple, and Tropical Fruit**

### Neocate Syneo Infant

**Product Description**
- Neocate Syneo Infant
  - 14.1 oz (400g) containers
  - Powder
  - 4 containers/case

**Usage**
- Infants with cow milk allergy and multiple food protein intolerance, including soy formula and protein hydrolysate intolerance.
  - Appropriate for use as maintenance nutrition during elimination diets.

**Features**
- 100% free amino acids.
- Hypoallergenic. Contains added docosahexaenoic acid (DHA) and arachidonic acid (ARA). Contains prebiotics and probiotics.
- **Caloric Density:** 20
- **Iron Content:** 12.5
- **Yield:** One container yields 95 fl oz.

**Nutrient Source**
- **Protein:** (12%) - L-amino acids
- **Carbohydrate:** (47%) - corn syrup solids
- **Fat:** (41%) - refined vegetable oil (MCT), high oleic sunflower oil, canola oil
- **Prebiotic – inulin**
- **Probiotic – Bifidobacterium breve M-16V**

**Kansas WIC Issuance**
- Approved with prescription
- Time frame as requested - up to end of certification

<tbody>
<tr>
<td>Portagen {MJ}</td>
<td><strong>Children</strong> and <strong>adults</strong> with defects in the intraluminal hydrolysis of fat (decrease pancreatic lipase, decreased bile salts); defective mucosal fat absorption (decreased mucosal permeability, decreased absorptive surface); and/or defective lymphatic transport of fat (ie, intestinal lymphatic obstruction). Portagen powder is <strong>not recommended</strong> for infants.</td>
<td>87% of fat as MCT. Gluten free. Lactose-free. Low residue. <strong>Caloric Density</strong>: 30 <strong>Iron Content</strong>: 20</td>
<td><strong>Protein</strong> (14%) - sodium caseinate <strong>Carbohydrate</strong> (46%) - corn syrup solids, sucrose <strong>Fat</strong> (40%) - medium-chain triglycerides, corn oil</td>
<td>Approved with prescription</td>
</tr>
</tbody>
</table>

#### Usage Details:
- **Portagen** in a 14.46 oz containers powder form with 6 containers/case.
- **Nutrient Composition:**
  - **Protein:** 14%
  - **Carbohydrate:** 46%
  - **Fat:** 40%

#### Features:
- 87% of fat as MCT
- Gluten-free
- Low residue

#### Nutrient Source:
- **Protein:** 14%
- **Carbohydrate:** 46%
- **Fat:** 40%

#### Precaution:
- Portagen powder is **not nutritionally complete**. If used long term, supplementation of essential fatty acids and ultra-trace minerals should be considered.

#### Yield:
- **Yield:** One container yields 64 fl oz.

| **Pregestimil {MJ}**  
16 oz containers powder  
6 containers/case  
2 oz bottles RTF (20/24 kcal)  
48 bottles/case | **Infants and children** with fat malabsorption and who are sensitive to intact proteins. Fat malabsorption may be associated with cystic fibrosis, short bowel syndrome, intractable diarrhea and severe protein calorie malnutrition.  
**Precaution:** Pregestimil is not recommended for routine use in very-low-birth-weight infants. | Hypoallergenic. Lactose-free.  
Sucrose free. **Protein** is specially processed to be non-antigenic.  
55% of fat as MCT. Contains added docosahexaenoic acid (DHA) and arachidonic acid (ARA).  
**Caloric Density:** 20/24  
**Iron Content:** 12.2/14.6 | **Protein** (11%) - casein hydrolysate, L-amino acids  
**Carbohydrate** (41%) - corn syrup solids, modified corn starch  
**Fat** (48%)-medium-chain triglycerides oil, soy oil, corn oil, high oleic (safflower or sunflower) oil, m alpina oil, c. cohnii oil | Approved with prescription  
Time frame as requested - up to end of certification  
Food Packages for 2 oz bottles not set up in KWIC. Contact State WIC Nutrition Consultant if Product is needed. |
| **PurAmino {MJ}**  
14.1 oz containers powder  
4 containers/case | **Infants and toddlers** with symptoms of severe cow’s milk protein and/or multiple food allergies, including atopic dermatitis, diarrhea, colic, vomiting, reflux, inflammation, or intestinal hyperpermeability, not effectively managed by an extensively hydrolyzed formula.  
**Formerly Nutramigen AA** | Hypoallergenic. Amino Acid Based.  
Lactose-free. Contains added docosahexaenoic acid (DHA) and arachidonic acid (ARA).  
**Caloric Density:** 20  
**Iron Content:** 12.8 | **Protein** (11%) – L-amino acids  
**Carbohydrate** (41%) - corn syrup solids, modified tapioca starch  
**Fat** (48%) - vegetable oil (palm olein, soy, coconut, and high oleic sunflower oils), m. alpina oil, c. cohnii oil | Approved with prescription  
Time frame as requested - up to end of certification |
| **RCF {Abbott Nutrition}**  
13 oz containers conc.  
12 containers/case | **Infants, children and adults** unable to tolerate the type or amount of carbohydrate in milk or conventional infant formulas or seizure disorders requiring a ketogenic diet. | Carbohydrate-free to allow physician to prescribe type and amount of carbohydrate. Soy based.  
**Caloric Density:** 20  
**Iron Content:** 16.2 | **Protein** (20%) - soy protein isolate, L-amino acids  
**Carbohydrate** (0%)  
**Fat** (80%)- high-oleic safflower oil, soy oil, coconut oil | Approved with prescription  
Time frame as requested - up to end of certification
